This is a trusted residential and commercial real estate company based out of Florida. (Brand non-disclosure) They needed both agent and brand awareness in several out of state regions.

## **Goal:**

Generate high-quality phone calls for new real estate agents in each out-of-state region.

## **Project Duration:**

# Best Performing Ad

The screenshot shows a search engine interface with a search bar at the top containing the text "Real Estate". Below the search bar are navigation options: All, Maps, News, Images, Shopping, More, Settings, and Tools. The search results indicate "About 43,200,000 results (0.73 seconds)". The main content area features a large advertisement for a real estate brand. The ad text reads: "Buy And Sell Your Home With One Of The Most Trusted Real Estate Brands In The World. From Start To End, See What One Of Our Affiliated Agents Can Do For You And Your Family. Virtual Tours Available. Over 3,000 Offices. Serving Since 1906. The Most Trusted Brand." Below this text are two call-to-action buttons: "Buying A Home" with the subtext "Is Here For You Offering Homebuyers Peace of Mind." and "Find An Agent" with the subtext "Work w/ Our Local Agents To Make Your Real Estate Dreams A Reality." Below the ad is a search bar for "area homes for sale" and another call-to-action "Find an Agent" with the subtext "As a recipient of the Women's Choice Award@ as a '9 out of ...". To the right of this is another call-to-action "Hollywood Office" with the subtext "Contact the local experts at Realty's ...".

- The team used dynamic ads which pulled content directly from the client's website.
- Each region had an ad pointing to the agent's specific landing page.
- The "Find An Agent" call to action opens to the landing page and the user can either make a phone call or submit a form to get in contact with the agent.
- This was a very healthy campaign, with a very healthy ad impression size of 500k+ views.
- After generating quality link clicks and phone calls, we created a similar campaign for remarketing.
